MEET WINNIE AND WALLY

At Watch for Me CT, we believe the best way to keep our communities safe is by teaching safe habits early.

Winnie's role is to show grown-ups how important it is to lead by example, while her joey, Wally reminds us that little eyes are always watching and learning. Together, they help families talk about safety in a fun, memorable way.

Wally Says:

Always wear your helmet when you ride your bike!
Helmets keep your head safe if you fall. Make sure it fits snug and sits right on your head to protect you the best.

BOARD GAME

————— **Cut**
----- **Fold**

Dice

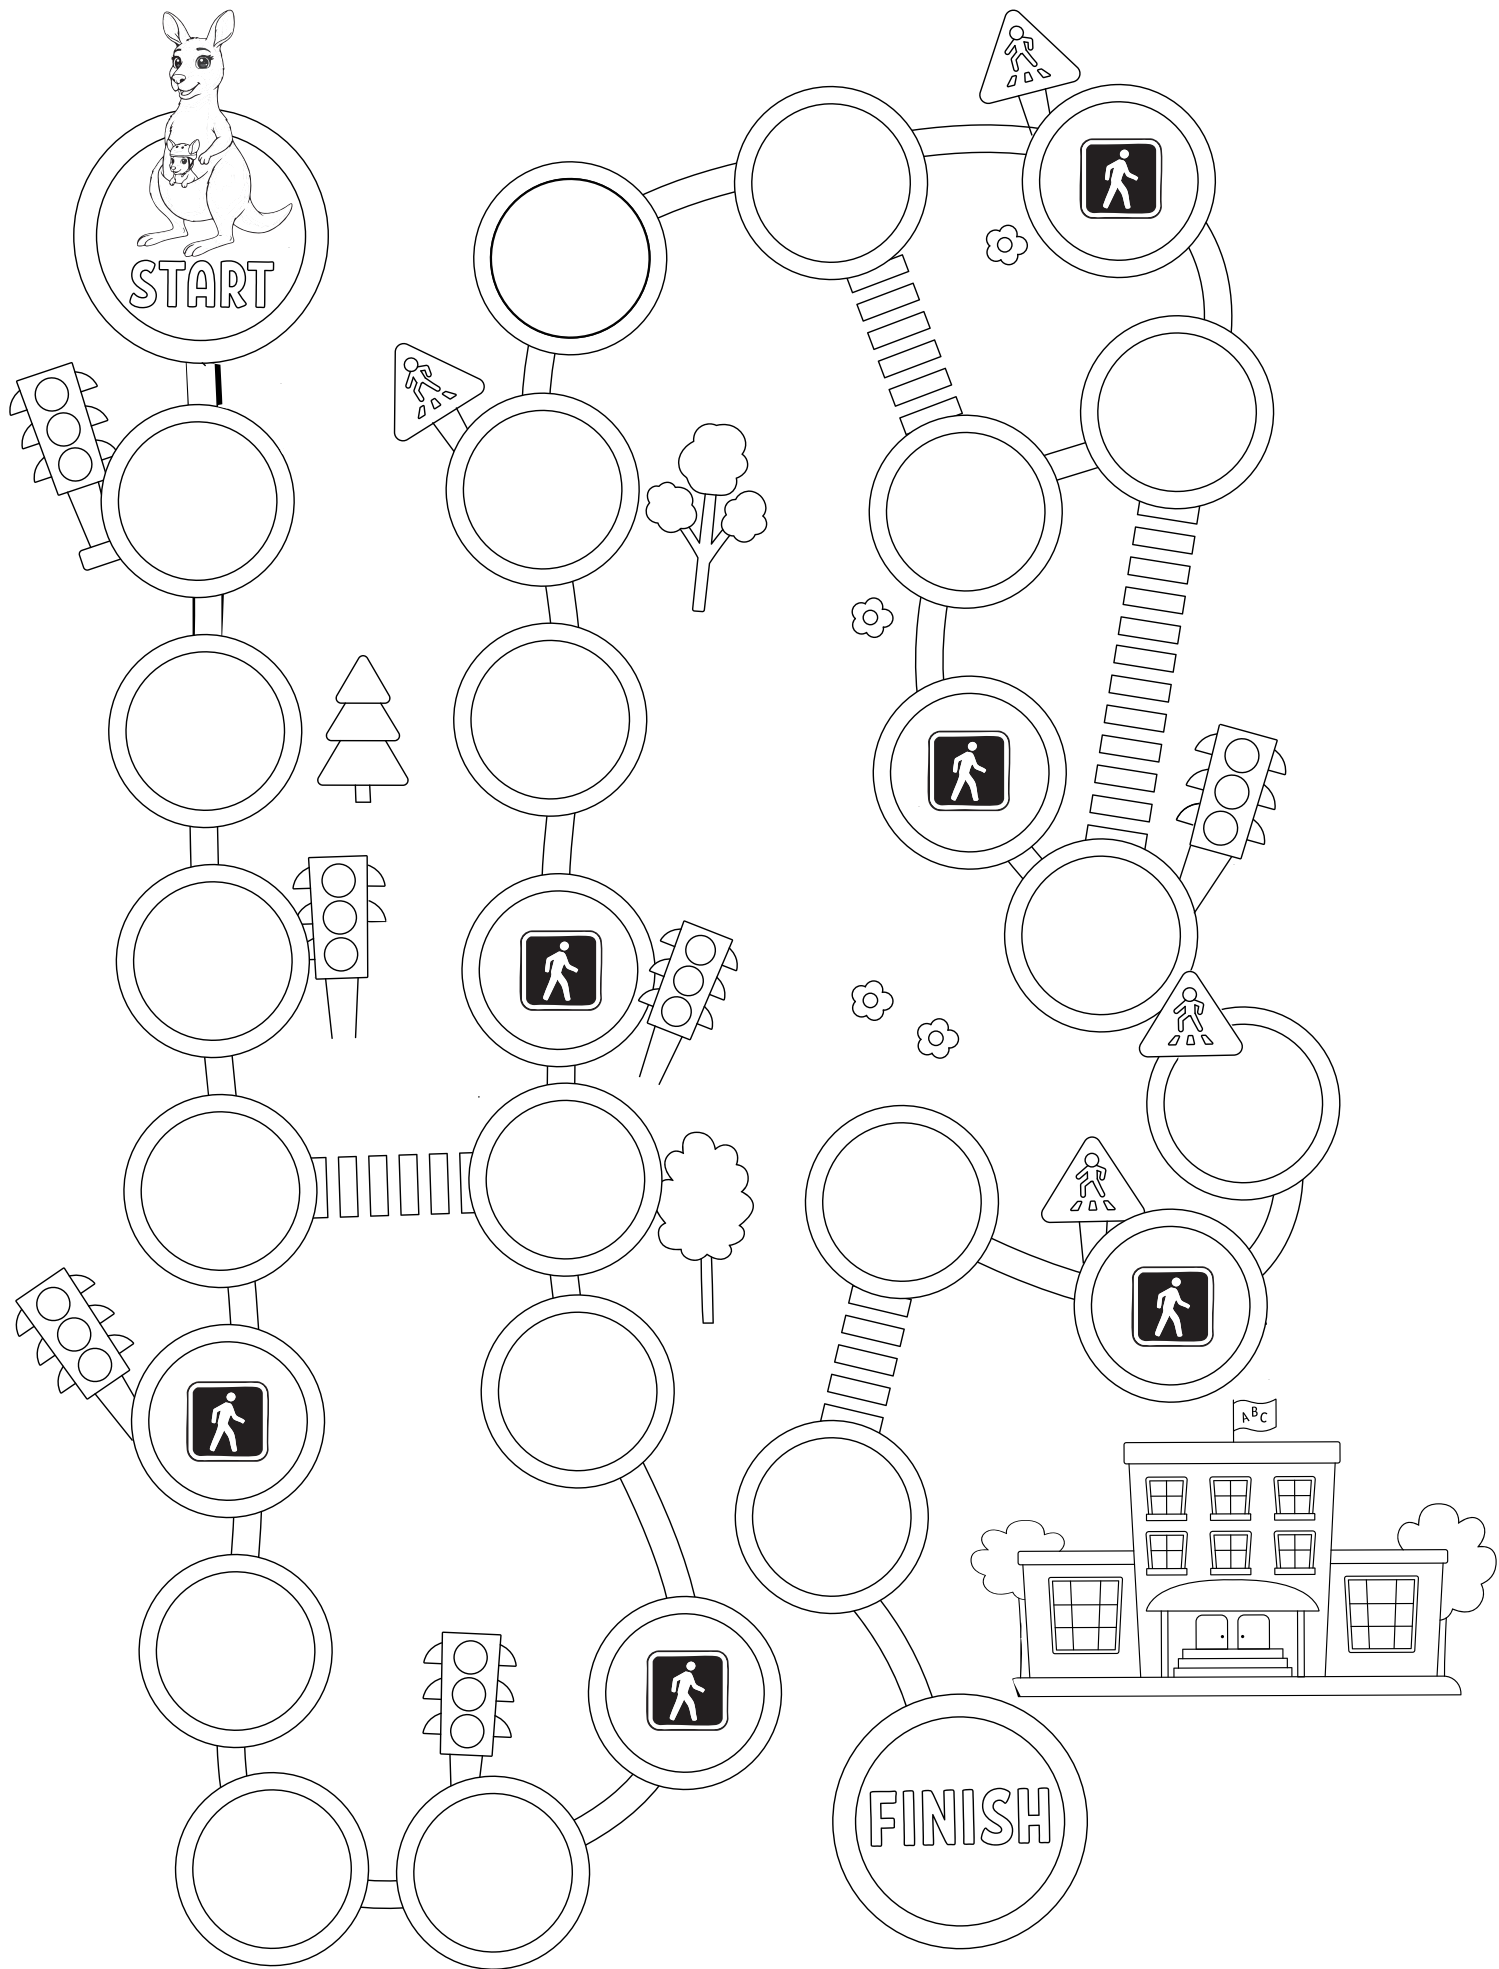

Game Setup:

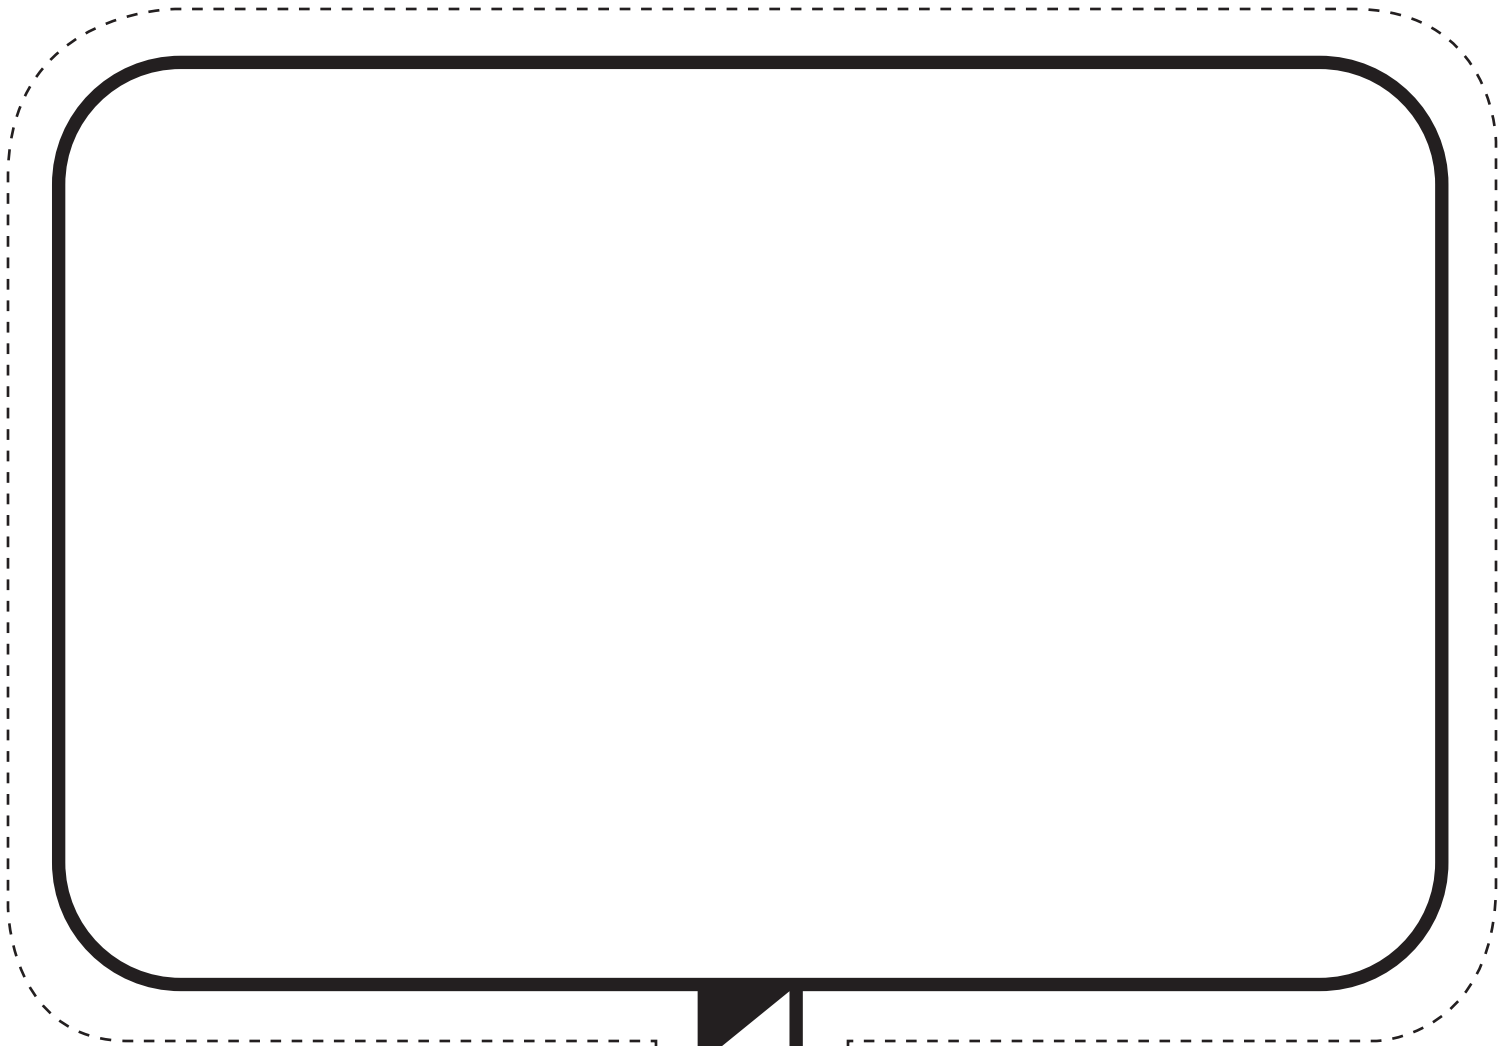

Color and cut along the dotted lines to make your game pieces and dice. Fold along the dashed line on your game pieces to make them stand up. Fold the dice along the dotted line and glue/tape edges together.

How to Play:

Place your player on the **Start** space. Roll the dice and move your player as many spaces as the number on the die. If you roll a,  move to the nearest  space. If you roll a,  skip a turn. If you land on a space with a crosswalk, safely cross and stop at that space. The first player to walk to school safely wins.
